

"It is with great honor and respect that I recognize the development of the Found Family Scholarship, led by Upstate classmates and colleagues from the Classes of 1979 and 1980 through the Upstate Alumni Association. Tragedy may strike, but it is through the combined strength and trust in others and our commitment to the health and betterment of mankind that will allow us to continue into the future. To provide financial support and encouragement for current and future Medical Students at Upstate is only a small way of expressing our gratitude for all of the opportunities afforded to us through our experiences at Upstate. It is with heartfelt thanks to the Upstate community, past, present, and future that we are all indebted for beginning our careers in the medical world."

**—Ernest Found, MD '80**

*The Friendship Scholarship in honor of Ernest Found, MD '80, in memory of his wife, Elyn Slocum Found, and his daughter, Caroline Slocum Found*
